

Scoop the poop! Rain carries pet waste into nearby rivers, lakes, and streams. Picking up after your pet is part of being a good neighbor and responsible pet owner. And it's the law. DOO•ing the right thing is easy: Pick up after your pet every time. *SCOOP* the poop, *BAG* it, *TIE* it closed and *TOSS* it in the trash.

SCOOP YOUR POOP

One gram of pet waste
contains an average of
23 million coliform bacteria.
